8. The AdSS shall develop procedures to ensure enrolled pregnant members are assigned to and are receiving appropriate care from a qualified physician, a PCP who provides obstetrical care, or are referred to an obstetrician as specified in AMPM Policy 410.

- 9. The AdSS shall assign members with complex medical conditions, who are age 12, and younger, to board certified pediatricians.
- 1.10. The AdSS shall develop a methodology to assign members to

 Providers participating in value-based purchasing initiatives who

 have demonstrated high value services or improved outcomes.

AHCCCS allows licensed providers from several medical disciplines to qualify as PCPs. These medical disciplines include physicians and certified nurse practitioners in the specialty areas of general practice, family practice, pediatrics, internal medicine, and obstetrics and gynecology. In addition, physician assistants under physician supervision may serve as PCPs. There may be circumstances when the specialist is the PCP (e.g., a member is designated with special health care needs). AdSS are required to keep a

current file of member PCP assignments. Each AdSS must maintain accurate tracking of PCP assignments in order to facilitate continuity of care, control use, and obtain encounter data. The AdSS must allow the member freedom of choice of the PCPs available within its network. If the member does not select a PCP, the member will be automatically assigned to a PCP by the AdSS. The AdSS must ensure that their network of PCPs is sufficient to provide members with available and accessible service within the following time frames specified in the AdSS Operations Manual, Policy 417. The AdSS must develop procedures to ensure that newly enrolled pregnant members are assigned to a PCP who provides obstetrical care or are referred to an obstetrician, in accordance with Division Medical Policy Manual, Policy 410 Maternity Care Services. Women may elect to use a specialist in obstetrics and/or gynecology for well woman services.

G. REFERRALS AND APPOINTMENT STANDARDS FOR SPECIALITY CARE

- The AdSS shall develop referral procedures for appropriate

 availability and monitoring of health care services that include

 the following:
 - a. <u>Utilization of the AdSS specific referral process.</u>
